

November 6, 2017

Dear Sucraid® Patients, Caregivers, and Parents,

This letter is to inform you of a change in the specialty pharmacy provider for Sucraid® (Sacrosidase) Oral Solution.

Sucraid® has been distributed exclusively by Accredo Specialty Pharmacy for the past several years. As part of our continued commitment to improve service and support for our patients, QOL Medical has decided to change specialty pharmacy providers. Beginning mid-November 2017, US Bioservices will be the exclusive US distributor of Sucraid.

For over 20 years, US Bioservices has provided specialty pharmacy services and will provide excellent comprehensive patient and prescriber support to you. A US Bioservices team member will reach out to you soon to begin the process of specialty pharmacy transition. Your primary point of contact for routine prescription processing and refills will be your new Patient Care Coordinator at US Bioservices. We anticipate that a release of a new lot of Sucraid® with lot-specific informed consents will occur at the same time as the transition. However, your One Patient Services Case Manager will remain completely available and can always be reached at 1-800-705-1962 with any questions or concerns you may have.

Sincerely,

A handwritten signature in black ink that reads 'Heather E. Smith'. The signature is written in a cursive style with a large initial 'H'.

Heather Smith, PhD, RN, NNP-BC  
Director of One Patient Services
